Bio

David McIntyre is a beginner web developer, based in Berlin, who has gained their skills through CareerFoundry's full-stack web development bootcamp. He has experience in HTML5, CSS, SASS and JavaScript as well as jQuery, Express.js, Node.js and MongoDB. David is dedicated to creating responsive and visually appealing websites with a focus on designing and implementing user-friendly interfaces that enhance the user experience. He is looking for an opportunity to apply their skills and knowledge in a professional environment and grow as a web developer.

Skills: HTML, CSS, SAAS, JavaScript, NodeJs, MongoDB, jQuery, Express.js, ReactJs, Responsive design

EDUCATION

CareerFoundry Bootcamp, Online Germany

Feb 2023 - Ongoing

Projects

MyFlix Web App

This app is built using the MERN stack to display information about films.

[Visit the MyFlix Web App Frontend here](#)

[Visit the MyFlix Web App Backend here](#)

Pokédex Web App

This app is a Pokédex that allows users to search for and view information about different Pokémon.

[Visit the Pokédex JS app here.](#)

JavaScript To-do list app

This app is a simple and elegant solution for managing tasks. It has an input field where the user can enter a task and an "Add" button. When the user clicks the "Add" button, the app adds the input value as a new item to the list.

[Visit the To-Do list app here](#)

Portfolio website

A HTML and CSS responsive Web App which will eventually house my portfolio. Also my first ever Web App.

[Visit my portfolio site here.](#)

Frontend Mentor, Online learning platform

Apr 2023 - Ongoing

Projects

QR code challenge

QR code challenge: a frontend challenge to create a responsive page with the brief given.

[Visit my interpretation here.](#) [Find the challenge here.](#)

Four Card Feature Section

Four Card Feature Section: Challenge to create a multi-column responsive layout. [Visit my solution here.](#) [Visit the challenge here.](#)
